REPUBLICAN TOWN COMMITTEE ORGANIZES

The Marion Republican Town Committee, elected April 28, met in the Town Hall auditorium to organize and to elect two delegates to the Republican State Convention, to be held June 20 in Boston.

Attorney Richard W. Paull was reelected chairman, Mrs. Edna L. Borden, vice-chairman; Mrs. Ellen Heuston, secretary; Philip See, treasurer; Mrs. Ann Francis, finance chairman. Convention delegates will be Mr. Paull and Mrs. Borden.

Seventeen former associate members and six new ones were elected. There was informal comment regarding the high vote received for National Convention district delegate by former Congressman Donald W. Nicholson of neighboring Wareham. A letter, written by Mrs. Borden to the editorial columns of a Boston newspaper, was read.

A voter survey will be undertaken under the chairmanship of Mrs. Heuston. It is designed to have records available on the status of voters: party-enrolled voters; eligibles not registered; registered, not party-enrolled. It was announced that there are 1624 registered Marion voters: Republican 775; Democrat 168; unenrolled 681.

Guests present were Republican State Committeewoman Miss Esther Tsiknas of Falmouth; Robert Jones, Republican State Committeeman,

of Barnstable, and Mrs. Jones. Miss Tsiknas discussed the voter survey. Mr. Jones thanked all for the large vote he received. During visits to the Town Committees in his District, he had a definite feeling that there is a volume of grass-roots interest, which needs to be developed, and will be apparent in later State and National elections. He stressed need for unity and referred to Chairman Frederick Dumaine's opinion that a donation of $4. from each Massachusetts Republican would adequately finance the campaign.

EXHIBIT AT LIBRARY DURING ART WEEK

Mattapoisett will acknowledge Massachusetts Art Week May 24-30 with an exhibit by the town'a many aspiring artists at the Mattapoisett Library on Barstow Street.

The works will be on display Monday, Wednesday and Friday at regular library hours, afternoon and evening, and Saturday afternoon, from May 23 - June 1.

LITTLE LEAGUE NEEDS BOOST

Little League boys will go door to door in Mattapoisett on Saturday in an appeal for support. Townspeople are urged to purchase Booster tickets from the youngsters to help support the teams. Over 150 boys are in the program under the direction of Mr. Henry Mogilnicki. The expenses run high; for example, $150. is the cost just for insurance for a season, baseballs, $100., etc. Equipment and uniforms must be replaced. Recently an emergency grant from the town was given to cover current expenses. Now in order to get some money for uniforms and needed equipment the boys will cover the the town asking the support of the people.

RECEIVES POSTER AWARD

At the 10th annual exhibition of Advertising and Editorial Art by the Art Directors' Club of Boston, Cyrus B. Lipsitt exhibited two original poster designs, one of which received the district merit award. The exhibition consisted of approximately 238 printed works of art chosen from over the 2000 submitted. Of these, 22 received the district merit award. Mr. Lipsitt is a resident of Arlington and formerly of Marion. He is employed as a graphic designer with the Mitere Corp. of Bedford, Mass. He is a graduate of the Rhode Island School of Design.

LETTER TO THE EDITOR

To the Editor:

I am getting weary of the front-page headlines and newscasts proclaiming President Johnson's "War on Poverty". What a field day the news media of Communist countries are probably having!

One would think the fight against poverty began with the President's message to Congress in January. The most successful fight against poverty began with the signing of the Declaration of Independence in 1776. The huge spending programs now advocated by the Johnson administration are not an attack on

poverty. They inject government management into the economy. As a Granger, I have observed how the farmer has been prevented from managing his own affairs, by subsidies controlling supply management.

During the past thirty-five years there has been a trend of living off of the government, which has seemed to become a way of life for an alarmingly high number of American citizens.

In former years the key to our successes was the many freedoms guaranteed by our Constitution, including freedom to choose our occupations, to select those to govern, to own property, and taxation to run the expenses of government, which would include helping persons unable to support themselves.

With those and other freedoms, everyone was given an opportunity to improve his or her position, and most persons did a pretty good job of waging their own individual campaigns against poverty.

But, with all of our mistakes, our success is still outstanding, compared with other nations, and it is disturbing to read of the President's prancing around the country, accompanied by members of his family, all professing to fight the "War on Poverty". This is Presidential Election year!

At the 1962 Town Meeting, Mattapoisett adopted zoning by-laws which consisted of only two sentences. The first sentence establishes a minimum lot size of 10,000 square feet, a minimum frontage of 100 feet and set backs of 25 feet from street lines and of 10 feet from property lines. At the Town Meeting before the by-laws were voted, the Planning Board gave assurance that the by-laws would apply only to new subdivisions where new roads were involved and would not apply to lots on old streets in the center of the Town and that there would be a board of appeals to correct inequities in enforcing the by-laws.

At the time of the adoption of this law, Mrs. John Gibbons owned a lot on Pearl St. containing over 30,000 square feet, over 300 feet of street frontage, and a subdivision plan was made dividing the tract into three lots each containing in excess of 10,000 square feet.

One lot did not require the 100 foot frontage as it is serviced by a 45 foot driveway. Therefor, a variance was required to permit one lot to have a frontage of 45 feet. But, the average frontages of the three lots was to be in excess of 100 ft. The set back from the street of a proposed dwelling was to be in line with the existing houses. This was also requested under the same petition.

This petition was denied because of the negative vote of one member of the Board - as a unanimous decision is required. This indicated that the driveway was to be 100 feet wide at Pearl Stree to service one house.

To comply with the requirement, a new subdivision plan was made containing a one foot strip 60 feet along Pearl Street. This plan was submitted to the Planning Board and on Nov. 4, 1963 endorsed by the Planning Board "Approval Not Required"- opinion having been obtained from the town counsel that it complied with the town by-laws.

This was the direct result of a single negative vote cast by the same member of the Board who resides on Pearl Street also, in a house with less than one foot set back, a frontage of less than 65 feet and a view that could be impaired by a building on this lot.

A new petition was filed permitting the elimination of the strip and the proposed building being in line with existing houses. This petition was likewise denied because of the single negative vote by same Board member. The only reason ever specified for the denial of these petitions were, "Respect and regard given to abutting objectors" and "not to block the view from the rear porch of a house of a neighbor".

Being the owner of this lot, a petition has been filed with the present Board for a variance permitting the location of the proposed dwelling to be in line with existing houses. The average setbacks in the entire block are less than ten feet, average lot sizes are 6,050 feet, and average frontages are 65 feet. I am in favor of eliminating the strip if the Board of Appeals will permit me to do so.

"POLL OF THE VOTERS"

Chairman Frederic C. Dumaine, Jr. of the Republican State Committee, announced plans for a "poll of the voters".

He said 40,000 will be asked to participate in the poll and help write the Republican platform.

"This will be the first time the voters of this state can sound off on the issues of our day such as education, job opportunities and industrial development, state and local government, taxation, civil rights and liberties, public works, public welfare, metropolitan development, transportation...

"They also can help plan Republican strategy by suggesting issues the public wants voiced."

Chairman Dumaine said his action was prompted by a desire to get voter opinions from the grass rooters without any go-betweens or watering down of public feelings.

"The people of this state for too long have had their feelings bottled up. This is the first opportunity the people of this state ever have had to write their own ticket. They can sound off with this poll and make suggestions to the platform committee."

Chairman Dumaine said the poll and platform questionnaire will be distributed to 20,000 subscribers of the State Committee's newsletter and to 20,000 other voters attending meetings and speechmaking events.
